One of the Assistant Secretaries to Government.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

Grazing fee on nomad cattle.

READ—

Subject No. 94 of the Dasara Session of the Representative Assembly held in October 1940, regarding the abolition of the grazing fee on nomad cattle which resort to the forests of other district or districts.

2. Letter No. F. 37-204-40, dated the 8th November 1940, from the Chief Conservator of Forests in Mysore, recommending that the grazing fee on cattle which go from one district to the other district or districts for grazing may be charged a fee of only one and a half times the ordinary rate instead of double the ordinary rate, the present higher rate being charged only on cattle resorting to grazing in the State Forests from outside the State.

ORDER No. A. F. 4004-14—FT. 113-40-2, DATED BANGALORE, THE 28TH NOVEMBER 1940.

At the meeting of the members of the Representative Assembly in October 1940, some of the members of the Chitaldrug District represented to Government that at present the cattle going by chance from their district to Shimoga forests for grazing are charged at eight annas per cow and one rupee for a buffalo, whereas for all Chennagiri cattle grazing permanently in Shimoga forest only ordinary rates are charged, and prayed that the Forest Department may be instructed not to levy any fee on cattle of their district going to Shimoga forest for grazing occasionally. The Chief Conservator of Forests, however, states that the cattle of the Chitaldrug District do not go to the forests of Shimoga District by accident or occasionally, but they go there regularly on account of the better kind of grass growing there and the existence of water facilities and that the levy of higher rate on such cattle and the cattle coming from outside the State is to control grazing incidences and to discourage cattle of one district from going to other districts where the grazing incidence is already heavy. He, however, recommends that the cattle of the State going from one district to another may be charged one and a half times the ordinary fee, the higher (double the ordinary) rate being charged only on cattle resorting to grazing in our forests from outside the State.

2. In view of the discussions at the Representative Assembly, Government are pleased to direct that only the ordinary rates may be charged on the cattle of the State going from one district to another for grazing and that control may be exercised by the Forest Department by restricting the number of cattle from other districts permitted to graze, wherever grazing facilities are limited, so that the cattle of the district in which the forest is situated may not suffer.

3. They also approve of the recommendation of the Chief Conservator of Forests to continue the existing higher rates in the case of cattle coming from outside the State for grazing in the State Forests.

J. APPAJI GOWDA,
Secretary to Government,
General Department.
